If we are running slightly ahead of class times – Riders will be expected to come forward up to 20 minutes before their time-We will update on class progress.

You can Wear your own number bibs as lots of you have them from eventing, but please make sure that if you print your own the number must fill the A4 page and be on white or Pale yellow . You must also declare at the Secretaries office so that we know you are here to compete.

Those who are using our numbers MUST bring £5 in the correct money for a deposit on their number bib. This will be given back when the number is returned to the office. No change will be given.

People with long hair should ideally have hair nets on so that their numbers can be seen clearly. Alternatively hair must be tied back. The number on your back must be visible at all times.
We will endeavour to post results within 1 1/2 hours of the end of the class. Please do not approach the scorers or timing officials for any reason. Body protectors are compulsory .

HAVE A GOOD TIME.
